OUR VISION

- ☐ To boost and extend our role in Sulphur market beyond Asia.
- ☐ To extend our supply source from middle east to central Asia.
- ☐ To be known as a reliable raw material supplier for Acid Sulphuric and fertilizers sectors in Asia continent.
- ☐ To be known as reliable supplier for Urea in agricultures sector in the region.
- ☐ To extend our market more in east Asia, Africa and Europe.
- ☐ To strengthen and extend our bulk shipment based on CFR incoterms to all over the world.

PRODUCTS

Sulphur Lump

Purity: 99.5 Min

Ash content: 0.03% MAX

Acidity: 0.02 MAX

Sulphur Granule

Purity: 99.9 Min

Ash content: 0.03 MAX

Acidity: 0.02 MAX

Sulphur Pastille

Purity: 99.9 Min

Ash content: 0.03 MAX

Acidity: 0.02 MAX

WEBSITES: www.partcontrol.org | www.irasulph.com

Email: info & commerce@irasulph.com

WHATSAPP: +989158034942

PRODUCTS

Sulphur Bentonite 90

Sulphur Content: 90% Min

Bentonite content: 10%

Moisture content: 0.5 Max

Size: Min 75% between 2-5 less than 0.3 mm <1%

Color: Earth tone-green

Urea Granule

Nitrogen Content: 46 min

Moisture: 0.5 Max

Biuret: 1 Max

Particle size: 2-4 mm

Urea Prilled

Nitrogen Content: 46 min

Moisture: 0.3 Max

Biuret: 1 Max

Particle size: 1-2.84 mm

SULPHUR

Main applications and industries using the Sulphur raw materials are:

- ☐ Sulphuric Acid plants
- ☐ Fertilizers Production.
- ☐ Metal Processing
- ☐ Pulp Paper
- ☐ Fiber

SULPHUR BENTONITE 90

We are one of the major supplier of sulfur bentonite fertilizer in Middle-East, Because we have many of buyers in this field and importers of fertilizers follow reliable seller, So we tried to supply best quality. Percentage of Sulphur and on time bursting of this product in the soil in farming time is very important for end users.

WHAT IS S B 90?

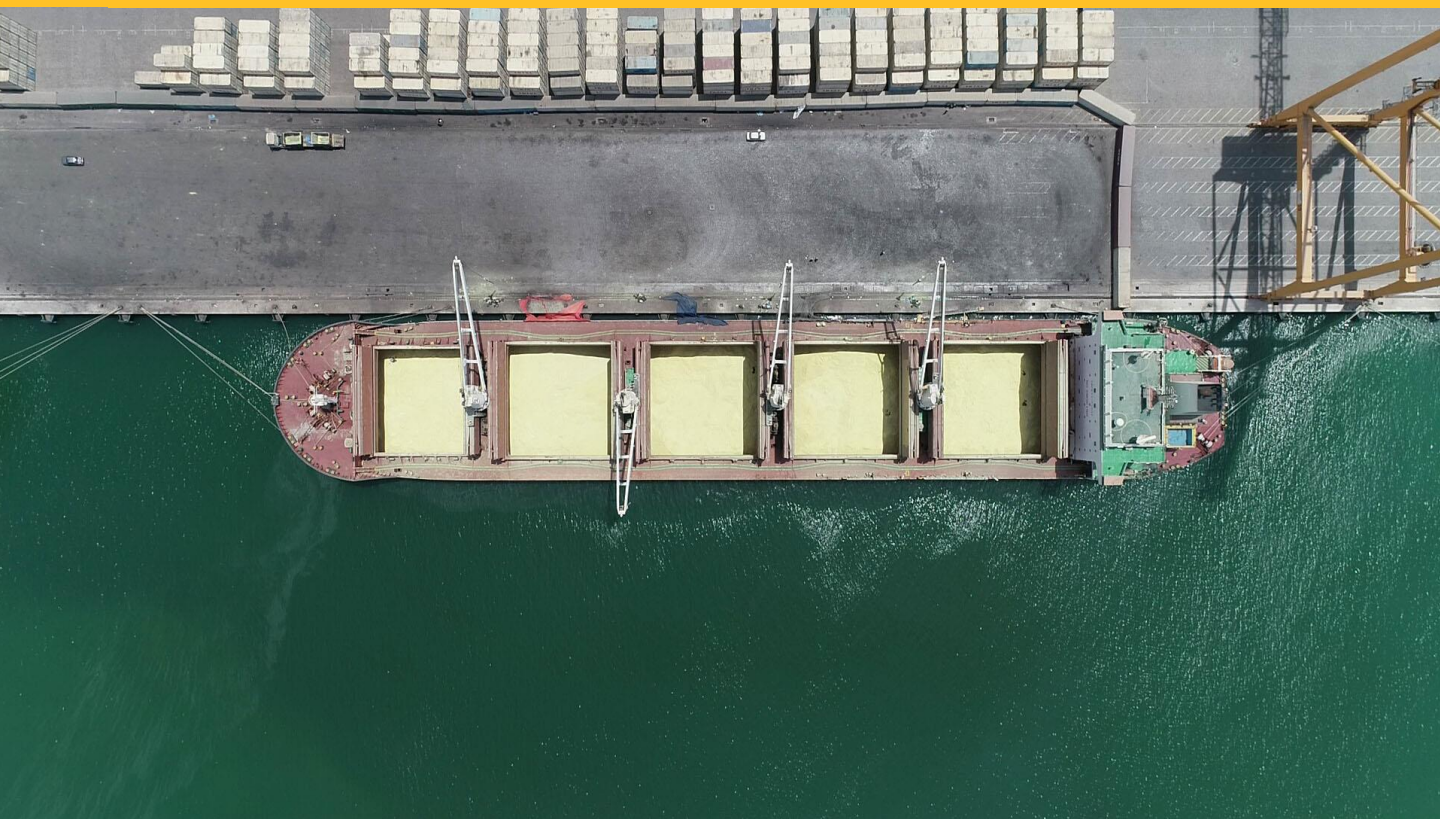

Sulphur bentonite (S B 90) is a pastille Sulphur fertilizer that gradually absorbs the soil moisture and swell (mass increase) of the soil by means of bentonite in it. Then, by increasing the soil mass, sulfur bentonite disjoint and its sulfur converts into a very little particles, which in turn, facilitates the absorption of sulfur by soil molecules.

Thus, plants sulfur requirement is provided and meanwhile PH of alkaline soils are also reformed. It is worth noting that Sulphur is used in agricultural industry in some other methods too, but using Sulphur bentonite fertilizer is cost effective with more durability in Soil.

Sulphur Bentonite Fertilizer can increase the crops between 20% – 45 % depends on the corps and soil kind!

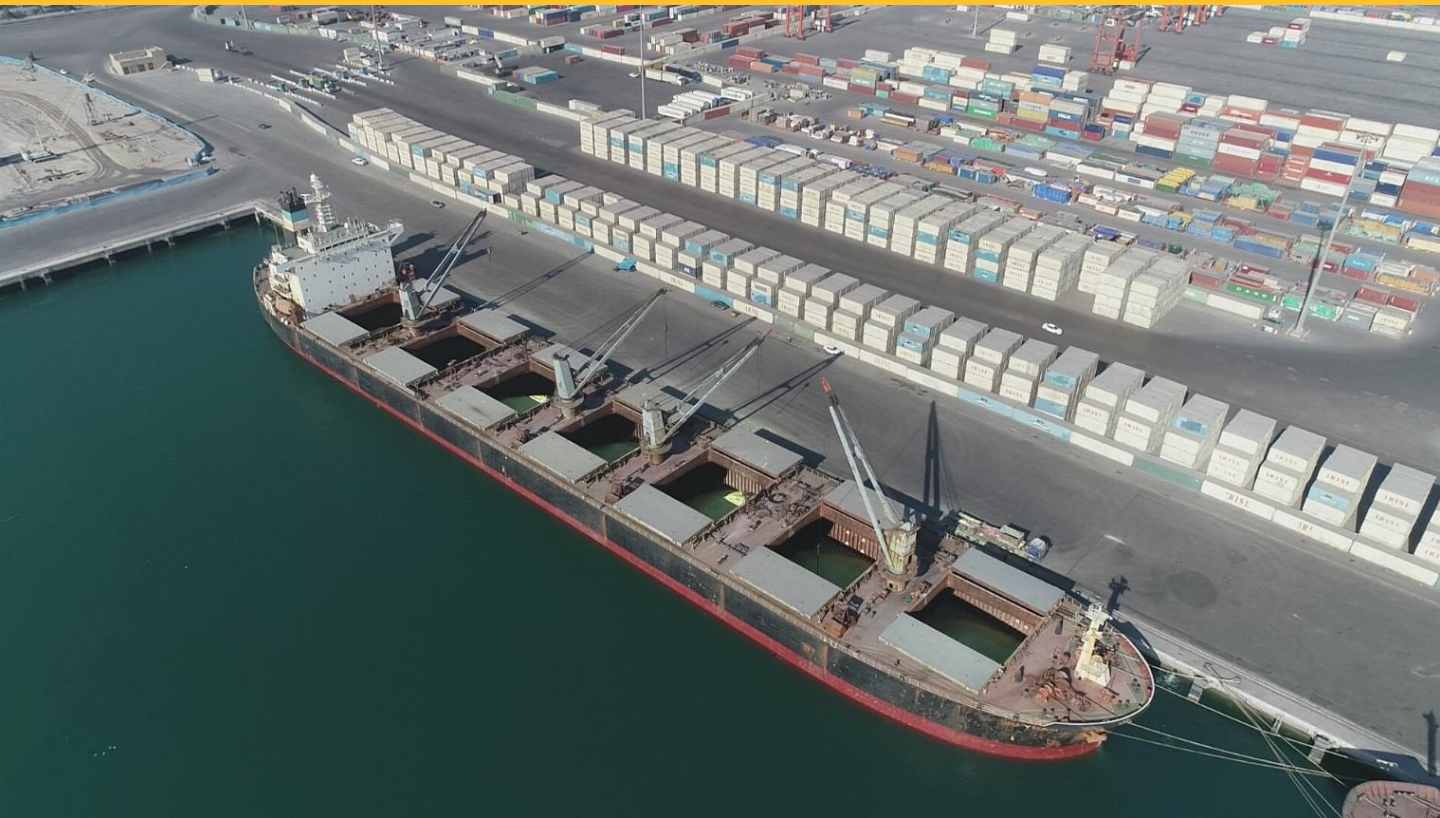

BULK SHIPMENT

Exporting 10 Bulk Vessels of Sulphur to China & India

BULK SHIPMENT

Exporting Four Bulk Vessels of Sulphur to China & India

CONTAINERIZED SHIPMENT

We exported too much SULPHUR in type of GRANULE, LUMP, PASTILLE, POWDER as well

SULPHUR BENTONITE 90 as a FERTILIZER, UREA to all over the world shipping. We used to export containerized shipping based on CFR incoterms and in following packing:

- ☐ **Packing for Sulphur is jumbo bags and for**
- ☐ **Packing for Urea is 50 KG and jumbo bags where the outer bag layer is polypropylene bag and inner polyethylene bag**
- ☐ **Packing for Sulphur Bentonite 90 is 25 KG packing where has inner polyethylene material.**

CHAMBER OF COMMERCE

- ☐ Knowledge economy certificate from ministry of science.
- ☐ Member of Iran chamber of commerce.
- ☐ Member of Iran & France commerce room.
- ☐ Member of Iran and Afghanistan commerce room.
- ☐ Member of Iran and Oman commerce room.

Managements

Mr. Reza : CEO

- ☐ Email: ceo@irasulph.com

Mr. Mohammad Reza Akbarieh: Sales and Marketing Manager

- ☐ Email: commerce@IRASULPH.COM
